

Interested in helping veterans heal?

You can through the Veterans Affairs Community Care Network (VA CCN)

As a behavioral health clinician, you're well aware that our veterans suffer from high rates of mental health conditions, including depression, PTSD and substance use. Ensuring veterans have timely access to care is imperative to help improve their quality of life after service.

And you can help.

Welcome to our network

By joining our VA CCN network, you'll help provide effective and personalized mental health care in local communities when the Veterans Affairs facilities cannot provide the care needed. Optum administers VA CCN services in Regions 1, 2 and 3 (below).

Please attend an upcoming webinar to learn more. Each session will last 75 minutes, 60 minutes of information and 15 minutes of Q&A. **NOTE: If you or your office has already attended this training, it is not required to attend again.**

The webinar will cover:

- An overview of VA CCN
- Referrals and appointment scheduling
- Coordinating care with other providers
- Treatment documentation requirements
- Claim submissions
- Additional resources available

Register today!

All 2024 sessions are held at 1 p.m. MT / 2 p.m. CT / 3 p.m. ET			
MONTH	WEEK 1	WEEK 2	WEEK 3
May	Wednesday May 1, 2024	Wednesday May 8, 2024	Wednesday May 15, 2024
